

# EAS Source Tagging Fine Leather Goods

## One solution for fine leather goods.

- Quick and easy, one-step assembly!
- Made with 21-gauge braided stainless steel wire for extraordinary strength.
- Self-locking mechanism and EAS label hidden in body of tag.
- Thin poly-coated wire construction allows for easy insertion into the smallest openings without scratching.
- Touch or proximity deactivated.
- Barcode labels may be ordered online through our Mabel Service Bureau.
- All Sensormatic certified solutions.

Available with raised imprint or multi-color label for brand identification.

Available in Continuous Loop or Noose design.

### SELF-LOCKING TAG

before assembly

Thin self-locking wire.

Sensormatic label is completely enclosed in hard plastic casing which cannot be bent or twisted.

after assembly

End of wire is enclosed in body of tag. No sharp edges exposed or excess wire to cut off after assembly.

Noose design  
Style# EAS-SL01

Continuous Loop design  
Style# EAS-SL02

No sharp edges exposed. Poly-coated wire won't scratch product.

Patent Pending
