

EAS Source Tagging Reading Eyewear

A more effective solution for reading eyewear.

- A custom hanger solution with an EAS label hidden in body of tag provides cost-effective protection for all types of reading glasses.
- Custom shapes and configurations available to fit your needs.
- Each tag includes an EAS label and either a multi-color label or raised imprint for brand identification.
- Eyewear hanger tag can be applied by manufacturer, at distribution center or at store level.
- Touch or proximity deactivated.
- Barcode labels may be ordered online through our Mabel Service Bureau.
- All Sensormatic certified solutions.

Custom size shrink wrap tubing provides flexibility for all temple widths and sizes.

Heat activated collar conforms to fit product securely.

MOLDED EYEWEAR HANGER TAG

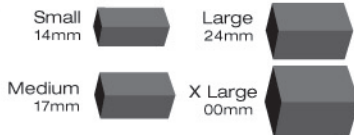

front

back

shrink wrap tubing

Molded of rigid plastic to prevent twisting, EAS label is set in recessed channel.

Style# EAS-MH01

Sleek hanger design provides vertical display capabilities.

Multiple sizes of shrink tubing are available to ensure proper fit to a wide range of products.

Patent Pending
